**FIRST STREET TO CLOSE FOR INTERSECTION RECONSTRUCTION,
BEGINNING JUNE 3**

(June 2, 2005) First Street -- between Walnut and Main Street -- will be closed beginning Friday, June 3. The closure is necessary while the contractor reconstructs the north half of the intersection of Main Street and First Street, from the end of the new pavement to the railroad tracks. A marked detour route will be available on Second Street for drivers needing to access First Street. City engineers anticipate Frisco Street will remain closed until July 1.
